

## European Payment Institutions Federation

### Membership Form 2015

EPIF is unique – we are the only body representing payment institutions at European level. Our strength lies in our members, and in our commitment to actively promote the development of the payment institution sector. EPIF is also a service provider to its members providing regular updates and assisting the industry in the representation of its interests in standard setting and EU payments legislation. Discover 5 reasons to join EPIF:

#### **Access a powerful network**

Through our active Committee (the Technical Committee and its sub-groups), experts from our membership meet regularly to exchange views, form common positions, exchange best practice and provide a wealth of information. EPIF also regularly brings together the senior executives of its members' companies.

Members also have access to the Members Area of our website where they can read and download the latest EPIF documents.

#### **Increase your visibility**

Membership of EPIF gives you access to a platform to ensure your voice is heard in Europe. Your logo, events and documents can be placed on the EPIF website, in our marketing material and at our events.

#### **Directly shape the standard setting and regulatory debate**

Joining EPIF gives you the opportunity to make your voice heard. We shape European policy through our participation in standard setting expert groups, engaging with the European Commission, the European Parliament, Member State officials, the European Central Bank the European Banking Authority and the FATF, consultation responses and a proactive outreach strategy to all European stakeholders.

Files closely monitored and acted upon by EPIF include the anti-Money laundering, the authorisation and regulatory framework for non-bank payment providers, data privacy law, the standard setting work of the European Payments Council and of the expected European Retail Payments Board, work on the Single Euro Payments Area, and the safety of mobile and internet payments.

#### **Obtain key intelligence information**

As a member of EPIF, you will receive regular information on the payment institution sector at EU level. Our dedicated Secretariat keeps members informed of policy developments, news, events and publications through regular email updates and analysis. Services include daily updates, regular round ups and brief assessments of the potential market impact.

#### **Be a part of a fresh, dynamic organisation**

In its first years, EPIF has achieved a lot, and is still achieving. Our member base is evolving, we have responded to key EU consultations, we are active in the work of the European Payment Council, we have an established network of high level contacts and we are actively becoming involved in new regulatory and policy initiative impacting the European payments sector.

Yes, I would like my organisation to join EPIF under the following category:
